CS 999 & SmartStop™

Dimensions (with 2m SmartStop)	CS 969	CS 999
Length	4,663 mm	4,690 mm
Width	1,010 mm	900 mm
Height	1,310 mm	1,510 mm
Weight	830 kg	705 kg

### Cutting features

**Large measuring capacity**  
 The Smartstop™ extension has a measuring capacity of 2 meters (80"). It is designed for high volume contract or chop-service framers, who want to maximize productivity and minimize operator mistakes

**Automatic width measurer**  
 This instantly measures the rebate width of the moulding about to be cut, so that the cutting stop can adjust itself automatically to the correct dimension required. It avoids any mistakes of measurement and is much quicker than manual adjustment.

**Flexible**  
 The operator can change between short and long size accurately, at any time, just by touching a button.

### Memory features

**Memorize your frame's sizes**  
 The SmartStop™ can memorize the dimensions of up to 60 different frames' sizes. You can set this up for all your standard frame sizes.

**Memorize your mouldings**  
 The SmartStop™ can be programmed to memorize the cutting process for up to 3,000 different frames (connecting sizes and profiles). Just enter the profile number, and the SmartStop™ instantly adjusts its measuring stop to the dimension required, ready to cut.

**Fast set up time**  
 Thanks to its memory, the SmartStop™ allows to switch from any moulding and any frame size to another in few seconds.

### Safety features

**Odometer / chop counter**  
 Shows the quantity of cuts made, and can be reset for use as a chop counter for big batches.

**Minimize operator mistakes**  
 Because of its memory and clear information readout on the touchscreen, operator error is reduced to nil, saving waste, time and money.

**Multi-Lingual**  
 The SmartStop™ can operate in 9 different languages English, Spanish, French, German, Dutch, Italian, Japanese, Chinese and Russian.

### Dimensions (with 2m SmartStop™)

### Optional Accessories

Extension of 1 meter for SmartStop (Z18220)\*

Programmable vertical clamps (Z27955)\*
